

ABOUT

What started out as a one person-operation, Just Pack And Go (youjustpack.com) is now a small, independently owned boutique travel agency for the modern age. With four independent consultants working under her in different parts of the United States, the company's founder, Dawn Cunningham, launched her business in 2001 when she registered her DBA in Miami Florida.

Dawn and the four independent consultants all work remotely—Dawn primarily out of her home office in Florida, one consultant in Arizona, one in Oregon, and two in Texas.

Just Pack And Go works with several vendors and numerous cruise lines to provide a seamless vacation—over 20 cruise lines through Cruise Line International Association (CLIA), Gogo Worldwide Vacations, Travel Impressions, Expedia and Viator a TripAdvisor Company.
